TROM MADESON.

Editorial Correspondence of the Scutinel. Madison, Sept. 30.

Both Houses of the Legislacure re-assembled yesterday afternoon, a quorum of each being present, and some unimportant business transic ted. A memorial was presented from the Con mon Council of the city of Watertown, urging that the North-western Land Grant be given to and a number of appropriation bills were passed. La Assembly, this morning, a memorial was

presented from the Chicago, St. Paul and Fond der Lac Railroad Company, recapitulating at great length the history of that Corporation, giving a very full account of its progress, business, stock subscriptions, etc., professing to have been at great expense of time and money in procuring the grant of lands for Wisconsin in aid of the it dhords in this State, claiming to have charters for both lines of road contemplated in the grant, insisting that Congress intended the grant for their benefit, and, in conclusion, coolly demanding of the Legislature of Wisconsin that they convey to this Chicago company all the lands granted by Congress to our State, in aid of our Rail oads.

A motion to lay the memorial on the table tuted, \$4 to 12, as also a motion to refer it to the standing committee on Railroads, (5) to 7) and then, as the member who introduced the niemotial desired, it was referred (35 to 34) to a select committee.

I cannot believe that any large portion of the ment, to the proposition. To grant the prayer of the Chicago Memorial is to cut off our own commercial cities from all the benefits of the goant, to build up a six il city in another State at their expense, and to make Wissonsin tributary to lilinois. It is to be heped that there is enough of State pride, self-reliance and sense of justice in the Legislature, to deny the request of the Chicago Company, and dispose of the Land Grants for the protection and promotion of Home tather than jornya interests.

Mr. Hawkins presented the memorial of the Milwaukee Board of Trade on the subject of Land Grants, desiring only that it should be printo I and spread upon the Journals.

The Assembly next got into a very lively fight on the bill introduced by Mr. Mills, of Grant, A centralizing the management of the School Found. This bill was passed on Thursday last, but Mr. STARK, on Friday, moved to reconsider the vote, and laid that motion on the table. This, under the rulings of the Speaker, carried the It must be one of the very best roads in our bill with it, so that it remained "suspended." This decision was appealed from and the decision of the Chair reversed, 42 to 15. This be night up the bill and the motion to reconsider the vote on its final passage. As an evident maority of the House favored its passage, the minority resorted to Paviliamentary tactics to shave off the decisive vote. A motion to adjourn to 3 P. M. was made and rejected, 39 to 19. A call of the House was moved and absenteus sent for. Several having come in, it was moved to suspend proceedings under the call-lost, 58 to 23 (not a majority of members elect)

Another motion to adjourn was put and lost, ...) to 39, as well as motions to adjourn to 2 P. M. and to . P. M. Mr. Parker, of Fond du Lac. made an indignant protest against the attempt of the minority to coerce the majority, by these factious proceedings. Mr. Stark warmly defend. Champion S. Chase,

ed that sollon and denounced the hill, as crude, ill-digested and of doubtful expediency. Mr. Mills sustained the bill and gave a history of its progress through the Assembly. After a further struggle, sundry motions to adjourn, &c., the Seigeant-at Arms reported progress, and the House, at & before 1 o'clock, got the bill before em, refused to reconsider the vote passing it and adjourned to 3 P. M.

In Senare, to-day, the memorial of the Chi-.ago, St. Paul and Fond du Luc Company, asking for the Grant of Lands, was presented and referred to a Select Committee consisting of Messrs, Sutherland, Dunn, Barber, Smith and Hadley. The Select Committee in the Ascem bly, on the same subject, consists of Messrs Morrison, Cram, Parker, Hawkins and A. E. Gray. A memorial to Congress in behalf of Col. Shaw, was adopted. A number of bills were passed. The Committee on Banks and Banking reported back the joint resolution, authorizing the Bank Controller to issue on R. R. bonds So per cent of circulation, recommending its pasage. The resolution lies over. And then the

Senate adjourned till 10 A. M. to-morrow. We have wintry skies and air, here to-day with occasional fluries of enow. The Legislature and Lobby nearly fill the Capitol and public houses. The new move of the Chicago poople, this morning, adds to the interest and excitement of the Land Grant question. The kind interference of our Illinois neighbors in this State will, doubtless, be properly appreciated by R. K. the Legislature.

Should the weather be favorable on Thursday, the prospect is that we shall have such a rally of the people in our city as Wiscon-in has never | pelore seen. From various parts of the state, we have of delegations preparing to come in, to ske counsel with their brethten here, to theer each other for the conflict, and to listen to the cloquent speakers who have promised their atiendanee.

gree One of the most remarkable and signifi-cantiu idents which has transpired during this campa ga, happened on Hales' Eddy on Saturday last. An immense number of Fremonters had last. An immense number of Fremonters had gather dt to have a pole raising. The pit was dug fo the pole, but just as the assemblage were about o commence the operation of raising, a magni scortly large Buck burst out of the adjoining woods, and being confused at the unusual sight of so many mortal enemies, rushed mudly into it e throng and fell with a bullet in his heart in the very pit dug to set the Fremont pole in.—

The death of so steeling a business man, and so kind-hearted a triend and so enterprising a citizen, is at all times a serious calamity. Ar. Nelson was formerly of Little Falls, Herkmor county, N. SUMMER EVENING REVERIES. It was one pleasant Summer eve, I walked beside the rocky shore Which girts so proud our noble lake, And listened to the billows roar.

Nor was this all;—opon a bench, Two makiens set in children giec, And mingled voices grandly sweet, With Michigan's dull melody. I crept me nearer to the spot; Treas wrong, Urrathfully declare, Yet I would know and listen well To words which came from lips so fair.
